## Summary

Recent computer science graduate with strong skills in C++ and Java. Completed an AI project using Python. Knowledgeable in web applications and excited to develop further in this field. Possess strong problem-solving skills and a desire for continuous learning.

## Education

**Taibah University | Bachelor of Computer Science;** Madinah

June 2024

GPA: 4.68 / 5.0

## Experience

**Full Stack Web Developer Intern**

**atomcamp | Led by Elm & Taibah Valley**

Feb 2025 - May 2025

- Engaged in web development with a focus on Angular (front-end) and ASP.NET Core (back-end).
- Developed responsive and scalable web applications, integrating APIs to enhance functionality.
- Collaborated in a team environment to optimize code quality, troubleshoot issues, and improve testing processes.
- Applied industry best practices to deliver high-performance, maintainable, and efficient solutions.

**Assistant Project Manager**

**Tahcom Software Solutions**

Dec 2024 – Feb 2025

- Assisted in managing software development projects, ensuring timely completion and smooth team communication.
- Gained project management skills and applied knowledge from a project management course.
- Developed organizational and problem-solving skills while collaborating with team members to meet project goals.

## Courses

- |  |              |
|--|--------------|
| • <b>Data Fundamentals;</b> IBM                    | May 2024     |
| • <b>Artificial Intelligence Fundamentals;</b> IBM | April 2024   |
| • <b>Artificial Intelligence Analyst;</b> IBM      | January 2024 |
| • <b>Machine Learning;</b> Coursera                | Dec 2024     |
| • <b>Full-Stack .NET ;</b> Satr                    | Feb 2025     |

## Projects

Secure Link Website | Graduation Project

May 2024

- Developed a website to detect phishing links using AI techniques.
- Implemented multiple features to assess link security.
- Gained practical experience in AI and machine learning techniques.
- Technologies used: HTML, CSS, Django, Python, and Jupyter Notebook.

## Skills

### Technical Skills:

- **Programming Languages:** C++, Java, Python, C#, JavaScript
- **Web Technologies:** HTML, CSS
- **Frameworks:** Angular, ASP.NET Core
- **Databases:** MySQL, SQL Server
- **Technology & Tools:** Jupyter Notebook, Visual Studio Code, Git, GitHub, Notion.

### Soft Skills:

- **Problem-solving:** Skilled at identifying and solving problems.
- **Communication:** Effective and clear communicator.
- **Leadership & Project Management:** Practical experience leading projects and managing deadlines.
- **Teamwork:** Collaborative and adaptable, with experience working in team-based environments.
